

Michael H. Robinson, Ed.D.

March 15, 2019

Dear Magnet Schools of America Board of Directors:

I am Michael H Robinson the inaugural principal at Martha Ellen Stilwell School of the Arts, a Nationally Certified Magnet School located in Jonesboro, GA. I am writing to express my interest to serve on the Magnet Schools of America (MSA) Board of Directors as the Regional Director for Region III. My involvement with the Georgia Association of Secondary School Principals (GASSP), National Association of Secondary School Principals (NASSP) and professional experience as a Magnet High School Principal serves as a perfect match with your requirements for this position.

As a formal member of the Board of Directors for the GASSP District P Representative, my role required me to be an effective communicator both verbally and in written format. I listened intently to others and made the necessary recommendations that effected positive change as a result. More importantly, I fostered collaboration by building spirited teams that actively involved other colleagues within my district to work together to fulfill a common goal or mission and vision.

Finally, I have been fortunate to have a variety of experiences throughout the course of my career in education. Proudly, I can say that during every chapter of my career, I have left every organization in a better place than before I arrived. Hence, I am confident that I possess the skill set necessary serve as the Regional Director for Region III.

Respectfully submitted,

Michael H Robinson, Ed.D.
